

Massachusetts Lions Multiple District 33 Long Range Planning Committee Report 2020-2021

The Long Range Committee has met four times reviewing the policy manual. We as a committee have been working to provide better descriptions of committees and the time frame in which they accomplish their goals and tasks. We have reviewed half of the manual to match changes with the Constitution and Bylaws and hope to complete the remaining half before year end. Our goal has been to revise and update the manual to today's Constitution and Bylaws and the activities performed by the committees.

Yours in Lionism
