

April 2021

The MD 33 YCE Committee hit the ground running in August and presented its budget for the 2021 YCE program to the Council of Governors for approval. The budget was approved.

Subsequently, the committee met monthly on a virtual basis and developed the YCE committee members roles, responsibilities, and timeline guidelines.

As the global pandemic continued to evolve, it became clear that our Camp's timing in late July was significantly at risk due to the uncertainty of global virus vaccine distribution, unpredictable CDC guidelines and many other factors that we've all lived through for the past year. As a result, the Committee has made the decision to cancel the program in 2021 for the health safety of all involved.

We have notified LCI and our Council of Governors concerning the cancelation. Our Committee plans to meet again after the State Convention probably in May. We will focus on our 2022 program and will spend time 'fine tuning' our plan for even greater success.

The MD33 YCE members from each district are as follows:

District Y: David Shields

District A: Andrew Keane

District N: Katie Sirois

District K: William Donnellan; Anthony Baliola

District S: Jesse Armell

Best regards,

Marianna & John Riemer
Co-Chairs of MD33 YCE Program 2021
